**WANT TO MOVE FORWARD
IN YOUR IT CAREER?**

HERE'S HOW

www.revathyrahman.in

1

DEVELOP CROSS-FUNCTIONAL SKILLS

- You're a **specialist now**, grow into a leader by building skills that span across **teams and disciplines**.

2

CULTIVATE LEADERSHIP WITHOUT AUTHORITY

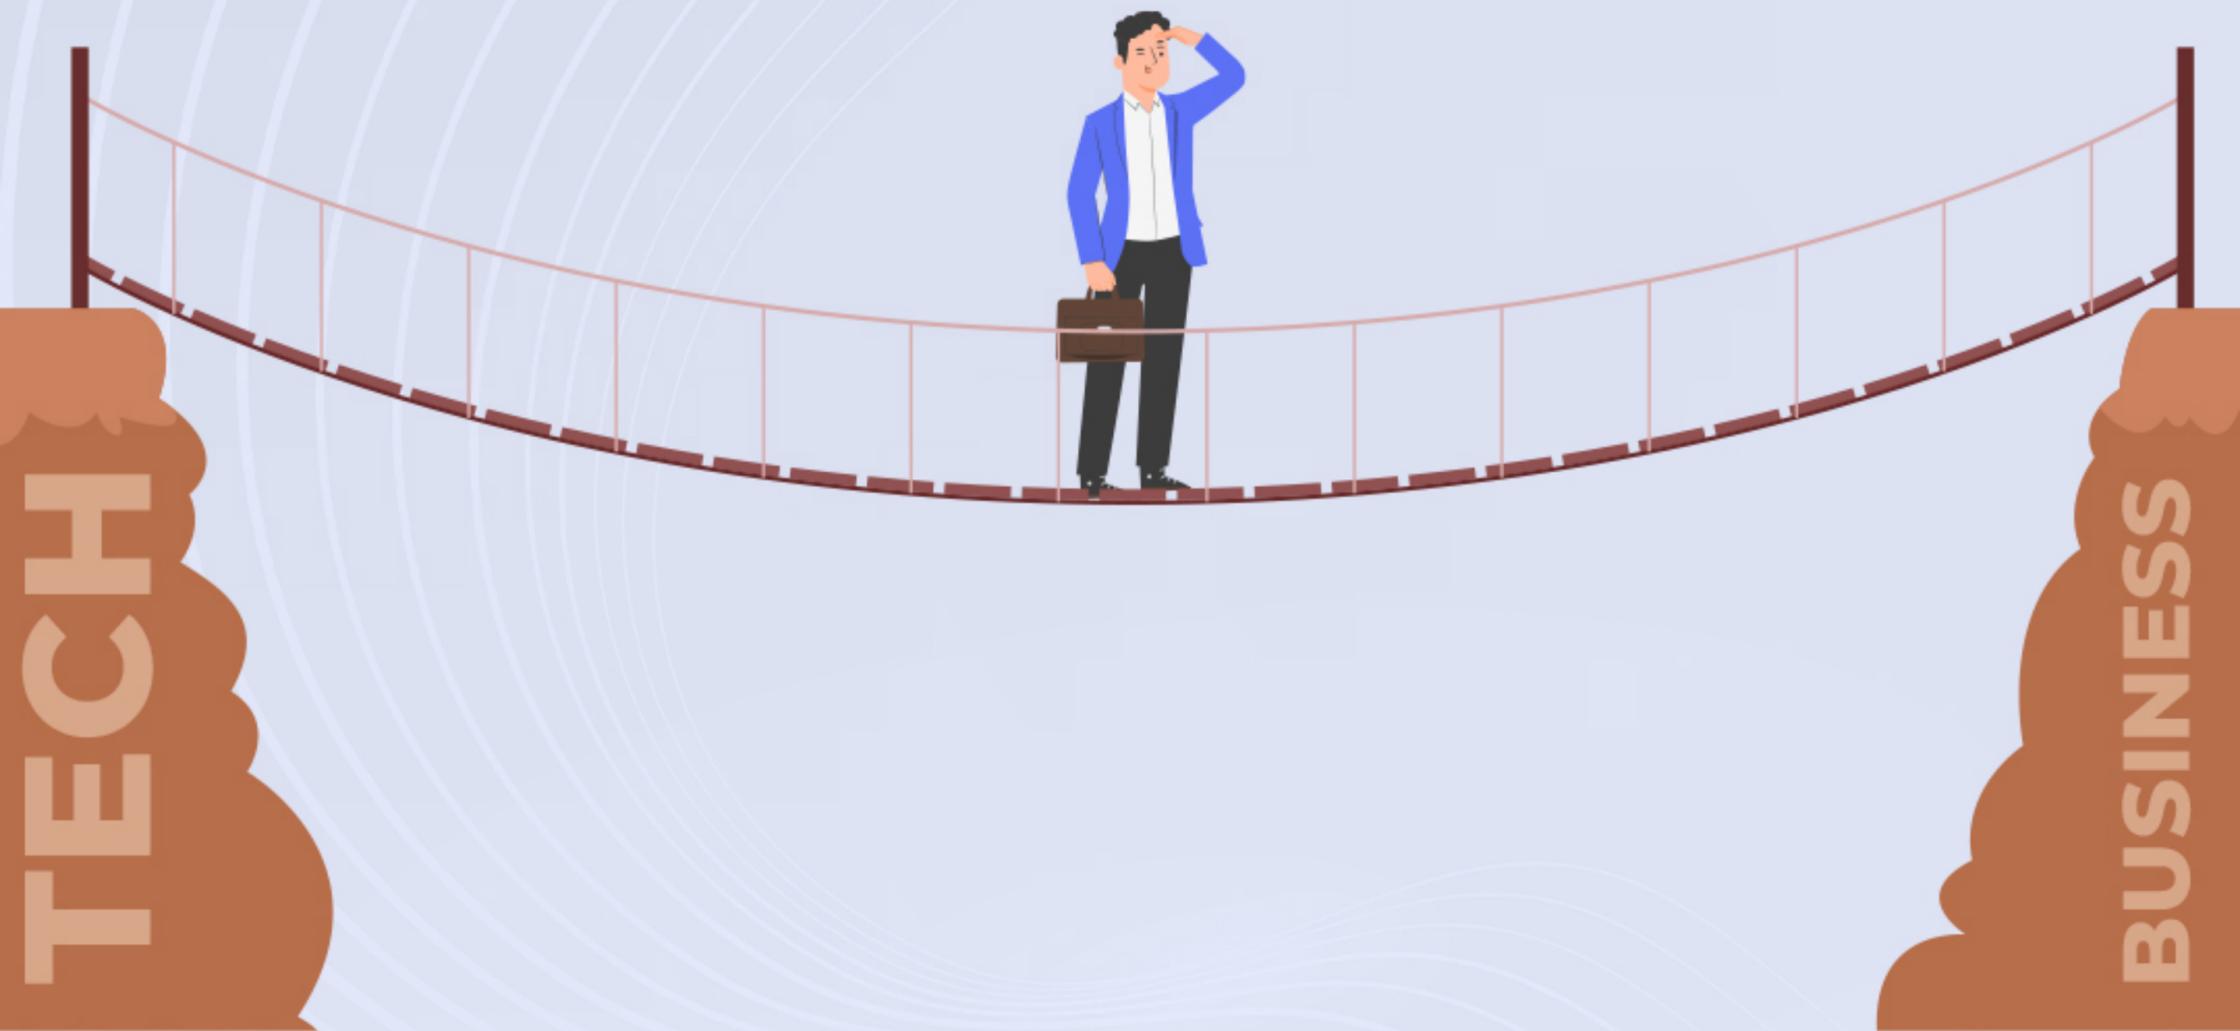

- **Leadership** isn't about titles. It's about owning outcomes and **inspiring others** with your influence.

3

UNDERSTAND THE BUSINESS SIDE

- It's time to connect your **technical expertise** to the bigger picture. Understand how your work impacts the bottom line.

4

STRENGTHEN YOUR NETWORKING SKILLS

- Your network is your net worth. Strengthen relationships with peers, mentors, and other departments to **unlock new opportunities.**

5

TAKE OWNERSHIP OF **PROJECTS & RESULTS**

- **Own high-impact projects.** Your visibility and impact will rise, opening up **new growth avenues.**

6.

READY TO DRIVE YOUR CAREER GROWTH?

- Growth doesn't happen by waiting. It happens when you act.
